

ATTACHING CLIPS

TO SUNBLASTER LED STRIP LIGHTS & T5HO BALLASTS

SunBlaster clips are designed to hold your lights permanently, yet be easy to remove and relocate whenever needed by lifting one side of the clip slightly with a flat screw driver. You need never worry a light will fall, they attach firm and secure for peace of mind.

W10 CLIP

No0900237
Used to flush mount T5HO and LED Strip lights. Ensures that the light is as close to possible to the mounting surface to maximize growing space

Clip Kit includes:
4xW10 Clips
4xMounting Screws

W20 CLIP

No0900292
Used where lights should not be flush to the mounting surface, such as in GrowLight Gardens

Clip Kit Includes:
4xW20 Clips
4x12mm Mounting Bolts
4x7mm Mounting Nuts

W11 CLIP

No0900299
Includes a hanging loop. For use where lights are to be suspended from above

Clip Kit Includes:
4xW11 Clips
